

# FIVE MINUTES WITH MATT

**Name:** Matthew Ciccullo  
**Job Title:** Undergraduate Engineer  
**When did you start work at Monadelphous?**  
November 2025  
**Reporting Manager:**  
Mitchell Cavanagh

## **What excites you about your role at Monadelphous?**

I am most excited about working alongside various experienced professionals on a variety of projects and acquiring valuable knowledge, skills and exposure to what working as a project engineer is like.

## **What are you studying and why?**

I am studying a double degree in mechanical engineering and finance. I have always been interested in both the theoretical and practical aspects of engineering including maths and physics as well as an interest in business and finance including investment analysis and corporate finance, so I thought combining the two together would suit me best!

## **What gets you out of bed on the weekend?**

Usually my dog barking to go outside.

## **What's your favourite travel destination and why?**

I love Thailand, there is such a great variety in the scenery between the lovely and peaceful beaches and islands as well as the incredibly glamorous city. The food there is phenomenal!

## **Something interesting people might not know about you?**

I am a die-hard Collingwood supporter 😊
